Printing in Topeka

TOPEKA is the printing metropolis of the Middle West. The printing industry in Topeka is second only to the railroads. Hundreds of thousands of dollars are attracted to Topeka yearly by this industry. Naturally Topeka must have bigger and better printing plants than her rival cities. THAT'S THE WAY I FEEL ABOUT IT.

Matt and Jeff and Other Things.

I was forced to leave the "dear old Grand" in the middle of the show last evening. I departed in a fog as far as the terms of "Matt and Jeff" was concerned. At that hour I had no idea of what it was all about, what the players on the stage were doing, or what the most terrific performance I have ever witnessed. Not a line of comedy, not a single word worth while. Nothing added to nothing gets nothing and that is what constituted the "Matt and Jeff" show. I shall not waste any more space on it.

Maxine Hewry, with De Wolf Hopper, at the Grand tonight.

Let's take up something worth while. Let's talk about "The Better 'ole" with the famous De Wolf Hopper. I do know that this is a regular show. It is a corking idea from the great English comic cartoonist Captain Bruce Bairnsfather. The author of the piece call it "A Fragment from France in two explosions, seven splinters and short gas attack." However, while "The Better 'ole" treats of the recent war, it makes you forget the horrors in a burst of laughter. But why talk of the show, let's let De Wolf Hopper enough to talk about and enough to draw you to the theater. De Wolf Hopper is the great comedian of the American stage, we all know him and we shall never forget him. I received a letter from a friend of mine not long ago, and he told me that he saw this man in "The Better 'ole" some time ago, and it is the greatest thing De Wolf Hopper ever has given us. I wonder if Mr. Hopper is really "Casey at the Bat" this season. A play wouldn't be a Hopper play without that bit of poem recited by Hopper. If you can believe me for once, if you have not contemplated going, I can advise you to get a good seat, because you are going to enjoy it. I have been looking forward to this great treat for some time and Mr. McCaffery and Birch tell me that the Robin Hood opera at the "dear old Grand" Saturday is a first part entertainment. The seat sale is picking up nicely and I am so glad. And I guess that will be about it.

Ellinwood Boy Wounded When Hunting From Machine.

Great Bend, Kan., Feb. 5.—William Thill, 14-year-old son of Mr. and Mrs. Nick Thill, of near Ellinwood, is in a serious condition as a result of a peculiar accident. He was at a neighbor's home where a circular saw was being operated. Standing about 100 feet from the saw he was in its path when it broke. A large part of the blade struck the boy with such force as to sever one leg completely, just below the left knee. Another piece of the saw entered the boy's thigh.

HER BOY HAD ALWAYS BEEN WEAK AND PUNY

Now he eats everything in sight and romps with playmates.

"My four year old boy had been weak and puny since birth, and had constipation and indigestion. Nothing did him any good until we tried Milk Emulsion. Since using it he can't get enough to eat and has outgrown his childhood trouble. He plays out with the children now, and he was never able to do that before."—Wm. Heart, 424 Bundy Ave., New Castle, Ind.

Weak, ailing children usually start eating and getting stronger from the very first bottle of Milk Emulsion. Most children like to take it, because it really tastes good. A trial costs nothing.

Chronic stomach trouble, constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

Welcome Relief from Tortures of Rheumatism

Can Come Only From the Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infect the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

And because so many people treat the pain, and not the disease itself, is one reason why rheumatism in many cases is a permanent disease, increasing in severity year by year.

The most satisfactory remedy for rheumatism is S. S. S., because it is

this spring. Emporia, Newton, Florence and Ottawa are expected to form the circuit. Games will be played twice a week throughout a long season.

one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood impurities, acting as a tonic to the entire system at the same time.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy.

"FATTY" ARBUCKLE in "THE GARAGE"

Paramount-Arbuckle Comedy

If you don't own a car you'll have as much fun as though you did.

More enjoyment in this two-reel comedy than in a two-hour spin through the country.

Let "Fatty" fix what's wrong with you.

If you own a car you'll roar!

He will make you forget your worries! Could there be a better tonic than to forget everything and get the Arbuckle spirit for a while?

At the review of this wonderful comedy Manager Hooper said it was the unanimous opinion of all present that it was truly the greatest comedy ever produced.
